

Hi Christoph

It was good to see you again in person. Thanks a lot for all of the work you did for us to get the additional trailer delivered this year. Sorry for the short notice but you pulled it off for us, good thing with the snow coming know. I just wanted to say I really appreciated the extra effort that you have put in to keeping us in office space and we look forward to doing business with you in the future.

Thanks, Bill

Bill Black
