

To Whom It May Concern:

This letter will confirm SMS Equipment – Mining Division, Elkford Branch, recently purchased a nine (9) unit Britco office complex that was delivered to our site in November 2008.

We placed the order with a very aggressive delivery schedule, and the complex was built to our specifications and delivered in less than four (4) months from date of order.

The quality of work and attention to detail in this temporary building was very impressive. The professionalism, high standards and work ethics of the staff that arrived here for the final assembly was commendable as well.

Britco was there at every turn to ensure that this unit was built to our satisfaction.

Without hesitation, I would recommend Britco Structures to any of our suppliers or customers.

Sincerely,
